REVIEWER'S REPORT

In this manuscript the Abstract is not written. Abstract is necessary for each research paper and it should be in a detailed format in which all things should be mentioned properly such as title, methods, sample, results, etc., Also, the keywords are not given properly

Introduction

In the introduction part, the researcher has made link of introduction with the title and has given a detailed background effectively. The citations are also given properly.

Methodology

Methodology is not given in a proper way in this manuscript. However, the researcher has mentioned the research questions or objectives properly in this manuscript as a) To analyze different schemes introduced by the government concerning women empowerment in India b) To analyze the factors affecting skill development and education status of women in India c) To study awareness of the concept of skill development of women in India.

Results

The result section is not given in a proper way in this manuscript. The findings are not given in detail with narrative proofs.

Discussion

The discussion section in this study is not given properly and the researcher has not made comparisons of results with previous studies. Also, further suggestions, limitations and implications has not been provided by the researcher by which the validity of research papers decreases and becomes less effective.

Conclusion

Overall the research paper is good and important, and all important things have been mentioned properly except some mentioned above. Thus, this manuscript is accepted only after making these major changes mentioned above.
