Detailed Reviewer's Report

The study is well conducted and significant as well. Technical aspects have been performed carefully. The manuscript has good flow and clarity too with good explanation. Research methodology aspect has also been followed well.

Corrections to be focused-

1. *Author should re-read whole manuscript and check for errors, there have been some instances where there should have been space between two words and space after full stop & comma in the entire manuscript. Few such instances include-*

'Consciousnessamongst', 'itself.Adopting', 'However,contrary'

2. *Keep same format for entire manuscript (such as- There are misalignments with headings as to how much space is left before or after a heading is mentioned).*
