REVIEWER'S REPORT

Introduction

In the introduction part, the researcher has tried to make link of introduction with the title properly. Also, the citations are given properly.

Review of related literature

In this manuscript the researcher has not mentioned the review of literature. It is a very necessary section for any research work. There should be mention of previous studies and the major findings of these previous studies.

Methodology

Methodology is not given in this manuscript also there is no mention of research objectives or questions. Thus there should be mention of the research questions or objectives.

Results

The result section is not given in this manuscript properly. Also there is no narrative proofs given. So these should be added.

Discussion

The discussion section in this study is not given in a proper way. Also, the researcher has not made comparisons of results with previous studies. Also, further suggestions, limitations and implications have not been provided by the researcher in this manuscript by which the validity of research papers decreases and becomes less effective.

Conclusion

Overall the research paper is good and important, and some important things have been mentioned properly but some are missing. Thus, this manuscript is accepted only after making these minor changes mentioned above.
