REVIEWER'S REPORT

Introduction

In the introduction part, the researcher has tried to make link of introduction with the title effectively. Also, in the introduction section, the citations are given properly.

Review of related literature

In this manuscript the researcher has not mentioned the review of literature. It is a very necessary section for any research work. There should be mention of previous studies and the major findings of these previous studies.

Methodology

Methodology section is not given in this manuscript properly, also the research objectives or questions are not given. It is necessary to mention the research questions or objectives of research in the methodology section.

Results

The result section is not given properly in this manuscript and there is no narrative/statistical proofs given. So these should be added. However, some graphs are given.

Discussion

The discussion section in this study is given. But the researcher has not made comparisons of results with the findings of previous studies. Also, limitations and implications have not been provided by the researcher in this manuscript by which the validity of research papers decreases and becomes less effective.

Conclusion

Overall the research paper is good and important, and some important things have been mentioned properly but some are missing. Thus, this manuscript is accepted only after making these minor changes mentioned above.
