Detailed Reviewer's Report

-
- • **Keywords:** Add precise keywords
- Define all abbreviations at first use,
- Maintain consistent terminology
- • . Professional English-language editing is recommended.
- • • Table 1 contains several formatting problems, including word breaks and cramped text. It should be reformatted for readability.
- Table 2 should be professionally formatted to avoid excessive line wrapping.
- Figure 1 is conceptually useful, but its text should be enlarged and the workflow should be made more visually prominent.
- Figure 2 should be redrawn at publication resolution.
- • References should be checked carefully for DOI accuracy, journal details, volume, issue and page numbers. For example, the reference list contains a formatting problem where the DOI of the PRISMA reference appears immediately adjacent to the next reference number.
- Ensure that every reference cited in the text appears in the reference list and vice versa.
