Detailed Reviewer's Report

- The keywords should be reviewed to improve their relevance and avoid unnecessary repetition of terms used in the title.
- . Figure 1 should be improved for readability, particularly the labels describing the five framework layers.
- . Figure 3 should clearly indicate the expected outcomes and decision criteria at each stage of implementation.
- . The authors should ensure consistency in the use of terms
- . The manuscript requires careful proofreading to correct spacing, compound-word formatting, punctuation, and grammatical errors
